

## Request for TechOlympics Scholarship

The INTERalliance of Greater Cincinnati is able to provide a very limited number of need-based partial scholarships to TechOlympics. The requests will be processed in the order in which they are received until the scholarship fund is depleted. You must complete a separate request form for each student for whom a scholarship is requested.

---

Dear INTERalliance:

I hereby assert that I am the parent or legal guardian of \_\_\_\_\_ (student name) who attends \_\_\_\_\_ (high school name) and will graduate in \_\_\_\_\_ (graduation year), and that my child has requested permission to attend TechOlympics 2019 at the Millennium Hotel from Friday, February 22, 2019 to Sunday, February 24.

**I understand that the student registration fee for the event is \$175 before January 15, 2019 and \$200 after January 15, 2019.**

By signing and submitting this form, I am applying for a \$\_\_\_\_\_ (amount less than or equal to \$100) scholarship for my child, in that full payment for registration will cause a hardship for my family. I understand that I owe the balance of the registration fee and have enclosed that amount with this form as a check or money order or will pay online after this request is processed. Below is a brief reason as to why I am requesting this scholarship:
